# Intelligence assessment and watchlist

Implications, uncertainties and what to monitor in the next 24-72 hours.

The junta faces a critical window where ASEAN's "calibrated engagement" may offer a diplomatic path to legitimacy, while the upcoming ICJ ruling poses a significant legal and reputational risk. Militarily, MIP reports continued heavy use of airstrikes against civilians, and the AA and KNLA are reported to have taken outposts or contested bases. The defense budget is reported to have risen to a record 10 trillion kyats (Event 13).

## Key information gaps

- The exact number of casualties in the Myawaddy clashes is only claimed by the KNLA (Event 6).
- The reported 353 civilian deaths from July to September are based on a single-source report by the MIP (Event 3).
- The reported AA capture of outposts near Taungmaw Oo Naval Base rests on a single outlet, Ayar Times (Event 16).

## Watchlist
